IN MEMORIAM
"His Works Live On"
Thomas Jeter Ligon
Appomattox County, Pamplin, Va.

For forty-eight years Mr. Ligon was a member of the Appomattox School Board representing Clover Hil District.

In tribute to him the Appomattox Education Association expressed sorrow at his passing, admiration for his stand for what he believed was right and his unselfish devotion and service to his county as a school board member.

These qualities stand as a permanent memorial in the hearts of those who knew him.

In FASHION now

It is obvious that clothes are much looser and afford more ease than in many, many years. We are in favor of this and we happen to like the new trend. We were tired of the "show everything you have" school of thought. We think that this craze is what has brought on the "hide most everything" trend that is fashionable today.

Clothes alterations are much simpler. Several top designers state that the disappearance of the normal waistline is the reason for fewer alterations. Here is another department where the women are being taken to the cleaners. To put in a hem and take in the waist ran as high as five dollars in many cities. It made no difference whether the garment cost two hundred dollars or twenty-five dollars.

The fall suits, with their unfitted straight-falling jackets will reduce the extent of alteration considerably. This new trend also enables women to focus their attention on crucial areas—the shoulders and neck.

The test of the fit of a good suit will be if the fabric lies flat on the back of the neck and if it hangs smoothly from the shoulders.

Another point to check in the fall fashions is whether the hem does not slope down or rise up in back. Women with ample hips will find the skirts tend to hike up. This is an indication that the skirt is too narrow. Conversely, a slender woman should take precautions against a skirt dropping down in back.

If you ordinarily wear a girdle—plan to wear one with your new suit when it is being fitted.

It's shaped to the new American taste with a lean, clean silhouette, crisp new contours, beautifully restrained accents. It brings you more spaciousness and comfort with a new Body by Fisher. It has a bright new sheen—a new kind of finish that keeps its luster without waxing for up to three years. New bigger brakes. Vast new areas of visibility. New Hi-Thrift 6. New handling ease and road steadiness. It's new right down to the tires!

Never before has an automobile manufacturer made such sweeping changes two years in a row. And never before has any car been new like this one.

The 1959 Chevrolet is more than a restyled car—more, even, than a completely new car. It's *your* kind of car. Shaped to reward your new taste in style with a fresh Slimline design that brings entirely new poise and proportion to automobile styling. Inside the new and roomier Body by Fisher you'll find truly tasteful elegance. And you'll have clear seeing from every seat. The new Vista-Panoramic windshield curves overhead—and there are new bigger windows, too.

When you take the wheel, you find Chevy's newness goes down deep. A new steering ratio makes handling easier. New suspension engineering gives you a more stable ride. There's a sweet new edition of Turboglide*. A new Hi-Thrift 6 that goes and goes on a gallon. Vim-packed V8's. New and bigger brakes. Even tougher, safer Tyrex cord tires.

There's still more! A new finish that keeps its shine without waxing or polishing for up to three years. New Impala models. New wagons—Including one with a rear-facing rear seat. And, with all that's new, you'll find those fine Chevrolet virtues of economy and practicality. Stop in now and see the '59 Chevrolet.
